Dear Friends,

The VCCAA Board is looking at ways to improve and expand the school’s curriculum in order to serve our Chinese learning community more effectively and expand enrollment. One thought was to include a wider range of community and cultural activities, so that other family members could attend enrichment activities at the same time as their language student family members attend their classes. This would also help to enhance the sense of community around the school. To help the Board in this endeavor, we would like to have the benefit of the opinions and ideas of the VCCAA community. We would appreciate it if VCCAA members would take the time to respond to this questionnaire and forward it either by mail or email to the following addresses:
